

Country Meadows and Ecumenical Community Visitation Policy

Updated 7.10.20

Our community recognizes the value of social visitation to connect our residents with their loved ones, friends and families. We are pleased to make visitations available, but ask that in order to keep all of our residents and co-workers safe, visitors follow our protocol and sign this acknowledgement prior to visiting. Any visitor not in compliance with our policy will be unable to continue visitations in the future. Please help to keep our community safe!
